College Visits

By Rosie Urban
Staff Writer

Central? Western? Oakland? Macomb? Every year, different college's representatives come to RHS hoping to inform students about all the different features at their school.

"By the end of the summer, most of the colleges that have been coming to RHS for years, contact the schools and confirm dates for when they will send someone from their school," said Ms. Lepak. "It's really a great opportunity for students to go to these presentations and get informed".

The colleges that come to the school usually just give the basic info, such as rooming, different programs and tuition rates.

Students are more than welcome to sign-up for the different college presentations in the Media Center.

"I went to the presentation for Oakland," said Alex Albers, senior. "I've already been accepted, so I just wanted to get more info. I'm really interested in going to Oakland, but I'm still deciding and seeing where else I'll be accepted at."

During the presentations, which happen in the high school auditorium, students are informed about the school and all the programs that the college offers.

"Basically, during the presentation, the representative from the school has handouts for you to look at," said Albers. "They talk about housing prices, different programs and extracurricular things that the school has, like sports and clubs." Some students go to the presentations just to see what their options are.

"I went to see what I should be doing to prepare myself for college because it's my senior year," said Carilyn Osebold, senior. "I just want-

ed more information on different colleges, and what sort of options that I have." College is a huge decision and students should learn their options before making the choice.

"Right now, I'm thinking about going to Macomb for two years to get my associates in business," said Osebold. "I just want to take some time and really figure out what I want to do with my life."

"I'm just keeping my options open for now." -C. Osebold

The presentations are for the students and provide students with a lot of information about different colleges that they could possibly go to.

"I would say that going to Oakland's and Western's presentation really helped me in learning what I have available to me," said Osebold. "I really got a lot of information."

While the presentations are not all the same, they all have the same basic structure. "During the presentation, you get information and the person from the college answers your questions," said Osebold. "They talk about classes, dorms and financial aid options."

Getting informed and learning where you can go is important. "I'm just keeping my options open for now," said Osebold.

The colleges representatives help provide good information on their school, but students, to see if a school is good for them, can take it one step further.

"I think that it's very important to visit a school before you make any major decisions," said Ms. Lepak. "You should always know all of your options."

Turkey Time

By: Jacob Marlow

Gobble, Gobble.

It's the time of year when family comes together to give thanks for everything they have. Families also come together for the big feast of turkey, pie, and many other delicious foods.

Thanksgiving is the time when people see their cousins, aunts or uncles who they haven't seen since Christmas. The time to just enjoy the company of your family.

The joy of just seeing family can bring happiness to many Americans. Olivia Franz, junior, said, "My favorite part of Thanksgiving is being with my family, watching the Lions and of course eating Thanksgiving dinner"

The great feast only comes around once year and brings happiness throughout America. In Detroit the Thanksgiving Day parade lights up the faces of many Michiganders, especially kids who get to see their first look at Santa, who's just now coming out from the North Pole.

Aaron Ottenbacher, senior, said his favorite part of the day is when his family comes over to his grandpa's house and gets the chance to catch up with his many cousins, aunts and uncles, while watching the Lions. Families come together to give thanks, the main attraction for all the festivities is the big ole Thanksgiving dinner.

Many different kinds of delicious foods are made for everyone in the family, and at the end of the day, your belt won't tighten up as they did before dinner.

"The turkey my grandpa makes is a one of a kind 20 pound turkey that's stuffed with stuffing. It's always the best ways the best when he cooks it" said Ottenbacher.

Franz's favorite food is big turkey her grandpa makes. She says it's so good.

Ottenbacher agreed with Franz about the turkey being the best food served during the dinner.

"The turkey my grandpa makes is a one of a kind 20 pound turkey that's stuffed with stuffing. It's always the best when he cooks it" said Ottenbacher.

Turkey is not the only food served during the feast. Can't forget about the desert, which comes after dinner, which includes over five types of popular pie flavors, variety of cakes, mixtures of jello and many other delicious deserts, including ice cream.

Logan Thompson, sophomore said, "My favorite desert is Chocolate ice cream because it's my favorite flavor and it's good."

On the pie side of the desert, Ottenbacher said apple pie is by far his favorite flavor of pie, while Franz said pumpkin is her favorite flavor.

Even though Americans come together to eat the biggest and one of the most enjoyed dinners of the year it's not all about the food and fun, but the pure enjoyment to give thanks to what we have and live for.

To think that thousands of U.S soldiers are deployed overseas and can't enjoy sitting down with their families with a nice big plate in front of them like my brother Nicholas Marlow who won't be able to be with his family this year.

That's the things we have to give "Thanks" to, the freedoms we as Americans have. On Thursday, November 22, make sure you know what you are thankful for, whether their families, the opportunity to eat a nice big meal, or just the freedoms we have as Americans.

Running with the champs

continued from page 5

The run consists of the Orchard Trail that starts in Richmond and passes through Armada.

"I have only run three miles [at once], but I have biked close to 20 miles before, so it wasn't be as bad," Verstraete added.

Even though the cheerleaders biked, the wrestlers still did the traditional run.

"We have to run no matter what," said senior wrestler Brenden Adams. "It doesn't matter how long it takes [to run], as long as we finish."

The run took place this Saturday, November 10. Austin Vannatter, sophomore, participated in the event.

"My mom sponsored me in the event. She didn't run, but she rode my bike instead," said Vannatter. "My time was about an hour and 40 minutes."

It cost \$20 to sponsor a State Champion, but any other donation was accepted as well.

Junior Jake McKiernan also ran that Saturday. "Nobody sponsored me, but we all had to run anyway," McKiernan said.

"It was tough, but we have to enjoy every second because once it's over, you might miss it," McKiernan said. "We just have to keep working hard."

After biking, Alexis Verstraete's final time was under an hour. "It only took me about 25 minutes to get to Armada," Verstraete said. "I just wanted to finish as fast as I could. I was really surprised that I had a time that was less than an hour." Verstraete had four sponsors, and in turn raised \$100 for the fundraiser. Overall, she is glad that she participated and contributed to the event.

"It was fun, so I would most definitely do it again if I could," Verstraete said.
